

Bankruptcy Attorney Receives Top Honors

Courtney Richardson July 09, 2013

Attorney David Ruben

Attorney David Ruben, founder of The Maryland Bankruptcy Center, has been named to the Top Lawyers in Maryland for 2013.

(Newswire.net -- July 9, 2013) Glen Burnie, MD -- The Maryland Bankruptcy Center is pleased to announce that its founder and owner David L. Ruben, Esquire, has been named to Top Lawyers in Maryland for 2013. As published by the American Lawyer Median, Mr. Ruben has been selected by peer recognition, Highest in Ethical Standards and Professional Excellence.

Mr. Ruben, who graduated from the University of Maryland at College Park with a degree in Finance and from the University of Baltimore, cum laude, has been providing Chapter 7 and Chapter 13 bankruptcy services for Maryland residents since 1991. Mr. Ruben is extremely proud of this honor and strives to continue to provide top notch legal services to his client's for many years to come.

Bankruptcy originates from the United States Constitution. Long ago, our founders realized that in certain circumstances it is beneficial to all for a citizen to be given a fresh start financially. Many people believe that most people who file bankruptcy abuse the system. They are wrong. 99% of the people who file bankruptcy are hard-working, honest citizens who have encountered an unavoidable life event (unemployment, health, divorce) that has left them without the ability to pay their bills. The Maryland Bankruptcy Center takes pride in helping those people use the [bankruptcy laws](#) as they were intended to be used and to help get themselves back on their feet.

The Maryland Bankruptcy Center helps clients with both Chapter 7 and [Chapter 13 bankruptcy](#). While both are types of bankruptcy, there are some differences. Traditionally, our client base has expanded due to referrals from our many satisfied client's. As of late, however, many of our client's find us on the web. If you would like to learn more please look them up at their website. It is updated regularly so that they can provide the public with the best information out there.

"It is nice to be recognized for the good legal work that we have done for Maryland citizens over the past 22 years. We take special pride in providing superior legal services while still keeping our prices affordable for our trusted client's." - David Ruben
